Kya's Krusade Resource Request & Information Packet Program Reference Sheet

Kya's Krusade provides resource information on our website and upon request by e-mail and through the dissemination of information packets, by mail. We do not provide referrals, but rather present resource options, from which these families may benefit. Kya's Krusade Information Packets contain national, state, regional and local resource information tailored to the needs of each family. Requestors may select from medical, financial, equipment, services, informational, recreational and support resource categories. We also receive and fulfill specific information inquiries such as available equipment, vendors and funding sources by e-mail.

Program Date of Inception: July 2006
